SDP PORTRAIT PACKAGES

Sarah Dickerson Photography offers a variety of options for portrait shoots - whether it be for an engagement shoot, a family or baby session, or your favorite pet. All of our photography is done on-location, at a location of your choice (yes, even your home!). Shoots generally last about two hours; unlimited clothing changes are allowed! Be prepared to do some walking and exploring during your session!

Our base session fee is \$150.00. From there, you can choose to add a number of print or product options to customize your collection; or you can go completely "ala carte", and purchase images in your own online gallery with shopping cart. In-person proofing and ordering sessions are encouraged but not required - we want you to be able to come in and see our great albums and print products!

Though you can feel free to pay the base shoot fee and order the prints and products of your choice, we do offer a few complete packages as well that offer a bit of cost savings over the ala-carte options:

THE E-SESSION - "E" stands for electronic here. \$300.00 includes the base session fee and a DVD of edited, full-resolution images with reproduction release (for unlimited printing and sharing of images).

THE COMPLETE PRINT PACKAGE - \$500.00 includes the base session fee, 1 16x20 print mounted to styrene for durability, 4 8x10 prints, 8 5x7 prints, and a 6x8 hard-bound, 30 page keepsake coffee-table style album.

EVERYTHING AND THE KITCHEN SINK! - \$650.00 includes the base session fee, 1 16x20 print mounted to styrene, 4 8x10 prints, 8 5x7 prints, a 6x8 hard-bound, 30 page keepsake album, and DVD of edited, full-resolution images with reproduction release.

ALA CARTE PRODUCT PRICING

DVD of edited, full-resolution images from session, with reproduction release: \$200.00

6x8 30-page keepsake album \$250.00

**please download our 2010 product guide for even more album options!*

A BIT ABOUT OUR SESSIONS...

Sarah Dickerson is NOT a studio-style photographer. If you are looking for traditional, posed studio shots, you might want to look elsewhere. If you want fun, spontaneous, and edgy photos, shot on location (at a place of YOUR choice, within the greater Kansas City area!), you've definitely come to the right place!

WHERE?

We can do your portrait session ANYwhere! City, country, maybe even a little of both? It's your call! Plan on your session lasting approximately two hours - sometimes a bit more. We'll schedule as early or late in the day as possible to take advantage of the gorgeous light that the sun provides at those times in the day. Plan on a few different outfits - we'll find someplace to change. Perhaps one dressier ensemble, and something fun and fashion-forward as well. We'll be more than happy to guide you in the right direction if you have questions! Shooting among a bunch of century-old warehouses, walking through the middle of downtown Kansas City, or roaming through a pasture for an equine shoot, SDP is right at home!

THE IMPORTANT STUFF.

How much will this cost? All portrait session sitting fees are \$150.00, payable at the time of the shoot. We also have customized packages available, detailed on the first page of this brochure. We take cash, check, or credit card paid via PayPal. You'll be able to see a sneak preview of your session on my blog within a few days after the shoot. You can share these photos on Facebook with family and friends while you wait for the rest of your shoot to be edited! Depending upon my workload, you can expect the rest of your images to be posted to my proofing site within 2-3 weeks after your session - and then you are ready to order! I highly recommend that clients come in to our studio in Briarcliff Village for a personalized proofing and ordering session - not only can you see your images on a large, color-calibrated monitor, but you can see samples of the great prints and products we offer for ordering! From the standard prints to the gorgeous canvas wraps, all of which can be ordered through your online gallery, to gorgeous albums and custom print products....if it's offered, chances are SDP can get it.
